Action Taken Report

IQAC Meeting - 05-05-2016

1. On the paucity of Teachers and nonteaching staffs a letter was sent to all the departments to send the requirements of teachers and support staffs for proper conduct of classes so that the data can be put to development committee for their nod, further actions and official communication with the university officials in this regard.
2. A high power committee was constituted with HODs and experts from other field to asses and gives a detailed roadmap for assurance of academic excellence.
3. A committee with head Librarian and other senior library staff were constituted to check the technical feasibility and financial requirement for the automation of college central library. The committee will survey different available library automation software, IT infrastructure requirements for the automation and come up with a detailed report in 3 weeks.
